This is a fantastic learning tool!By Kindle CustomerI am taking an ICD-10-CM class to get a head start on the new coding guidelines to come into effect (hopefully soon). This workbook has made learning easier than ever. I took a class earlier on ICD-9-CM and really wish this book had been used and/or available at that time. Keep up the good work!0 of 0 people found the following review helpful. Great book!By Jacquelyn StarrThis was a great buy. The workbook exceeded my expectations with the answers in the book so you can check your work. Absolutely happy with this. Thank you0 of 0 people found the following review helpful. Five StarsBy Doris JonesI love this book. I wish there was answers for all the exercises and not just the first ten.

Reflecting the latest changes and developments in the field, the 2013 ICD-10-CM AND ICD-10-PCS WORKBOOK

delivers everything learners need to confidently make the transition to ICD-10-CM and ICD-10-PCS. Drawing from decades of experience as successful healthcare professionals and educators, the authors provide an in-depth, highly practical guide to the new coding conventions, including essential concepts, differences from ICD-9, and a wealth of real-world examples and applications. The workbook builds both knowledge and skill through engaging case studies and scenarios that provide real-world context as well as hands-on exercises and activities that enable learners to truly master the new guidelines.

"I like the exercises in the chapters as well as the "Check your clinical knowledge" exercises. The case studies are excellent." "I would recommend this worktext to a colleague for adoption because it is easy to use this worktext and all the required material is in it." About the Author Mary Jo Bowie is the owner of Health Information Professional Services in Binghamton, New York, which has provided medical record consultative services for various health facilities for more than 25 years. She served as an instructor in Health Information Technology Programs for more than 20 years, teaching such courses as Inpatient Coding, Ambulatory Care Coding, Quality Assurance, Survey of Healthcare and Computers in Healthcare. Ms. Bowie is now the Health Information Management and Medical Coding program director at Mount Wachusett Community College and an associate professor. She develops all course content within the curriculum, including ICD-9-CM and ICD-10-CM/PCS courses, CPT/HCPCS courses, Introduction and Advanced Health Data courses. Ms. Bowie is a registered Health Information Administrator and an accredited Health Information Technician. She is an active member of the American Health Information Management Association (AHIMA) and is also an AHIMA ICD-10-CM/PCS-approved Train the Trainer. She served on the New York State Health Information Association Board of Directors from 1989 to 1991 and was education director and on the Ambulatory Coding Guideline Committee. Ms. Bowie was the New York State nominee for the National Award for Literacy Contribution to Profession, 1993 and 1994. She is a National and Regional speaker on ICD-9-CM, CPT and ICD-10-CM and ICD-10-PCS, as well as a trusted course writer for Cengage Learning. Ms. Bowie holds an Associate of Arts Degree, a Bachelor of Science Degree and a Master of Science Degree. She has conducted more than 50 national training seminars on ICD-10-CM/PCS coding. Gail I. Smith is President of Gail I. Smith Consulting in Cincinnati and has more than 35 years' experience in the field of coding, education, and health information management (HIM). Gail was an associate professor and director of the Health Information Management Program at the University of Cincinnati, and HIM program director at Cincinnati State Technical and Community College. Gail has authored several coding textbooks and is an AHIMA approved ICD-10-CM/PCS trainer and Academy faculty member. Ms. Smith is an active member of the American Health Information Management Association (AHIMA), previously serving on the Board of Directors. She received her bachelor's degree from The Ohio State University and her master's degree in education from the College of St. Joseph in Cincinnati, OH.
