Placeholder X symbol reminds you to assign placeholder X for codes less than 6 characters that require a 7th character. Present on Admission symbol identifies the diseases that will always be coded as present on admission. Manifestation code identifies conditions for which it is important to record both the etiology and the symptom of the disease. CC (Complications Comorbidities) and MCC (Major CC) symbols identify codes associated with the presence of secondary diagnoses from MS-DRGs, and call attention to CC and MCC exceptions.
