American Medical Association : 2016 ICD-10-PCs: The Complete Official Draft Code Set before purchasing it in order to gage whether or not it would be worth my time, and all praised 2016 ICD-10-PCs: The Complete Official Draft Code Set:

0 of 0 people found the following review helpful. Eh. Wish I would have realized the complete official codebook ICD-10 - CM was spiral-bound. Would have rather have had paperback By bevI did not realize this was spiral-bound. I would have never purchased it had I known. Wish I can exchange it for the paperback version. Otherwise this is an excellent condition. The ICD 10-PCS was listed as new. The front cover has some kind of plastic peeling on it and the last section that is purple coated has tears in it. Would appreciate a replacement and maybe a label to return this one back to you. You would think that it would come in perfect condition considering the extreme price that was paid for these books. 0 of 0 people found the following review helpful. Just like when you always buy something new you have to ... By Aphy SanI rate this a four star since the book came slightly damaged and since I had ordered it new I would

have thought it would have been packaged were you take off the film cover to actually open it. Just like when you always buy something new you have to take off the plastic. It is different than the one I use at school. This one has the index on the front instead of the back of the book. Other than that everything else is ok. 0 of 0 people found the following review helpful. Five Stars By K. Williams It is doing the job I need it to do for my classes.

This codebook provides the complete draft code set for hospital procedural coding. ICD-10-PCS 2016: The Complete Official Codebook presents the complete code set in 16 sections of tables arranged by general procedure type. Tables within the extensive Medical and Surgical section are additionally sectioned out by body system and indicated by color-coded page borders. The illustrated ICD-10-PCS codebook contains classifications for procedures, devices and technologies.
