Joint Commission Resources : 2016 Standards for Ambulatory Care before purchasing it in order to gauge whether or not it would be worth my time, and all praised 2016 Standards for Ambulatory Care:

Continuous compliance starts with ambulatory care staff who know what The Joint Commission requires and this manual provides you with direct access to the elements of performance for the standards, National Patient Safety Goals, and Accreditation Participation Requirements (APRs) for any ambulatory care organization. The portable 2016 Standards for Ambulatory Care makes a perfect reference guide handy in meetings, for orientation and training, and as a practical overview of the Joint Commission's accreditation requirements. Please note: This book is truly an abridged version of the Comprehensive Accreditation Manual for Ambulatory Care. It contains all the applicable standards and

elements of performance, but the blue tab accreditation process information chapters with accreditation policies and procedures, initiatives, and summaries ARE NOT INCLUDED. Key Topics: All ambulatory care standards, National Patient Safety Goals, and APRs as of January 1, 2015 A Glossary defining key terms used in the Joint Commission standards Standards applicability grid to identify those requirements that apply to your ambulatory setting Does NOT INCLUDE the following: The Accreditation Process, Sentinel Event Policy, The Quality Report, Required Written Documentation, Standards Applicability Process, and other blue tab accreditation process information chapters from the comprehensive manual Key Features: Abridged version of the comprehensive manual only gold tab scored standards chapters included Tabs allow you to find exactly what you need when you need it Softcover, spiral-bound book Key Audience: Staff working on accreditation, patient safety, or quality improvement in surgery centers, community health centers, group practices, imaging centers, telehealth providers, sleep labs, rehabilitation centers, student health centers, urgent care clinics, and other ambulatory providers
