**Joint Commission Resources : 2017 Hospital Compliance Assessment Checklist (Soft Cover)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 2017 Hospital Compliance Assessment Checklist (Soft Cover):

A straightforward, hands-on resource, the 2017 Hospital Compliance Assessment Checklist engages staff and leadership in accreditation activities with questions, checklists, and tracer tools. This self-assessment workbook is designed to help organizations maintain continuous standards compliance and survey readiness. You have the option of reviewing high-risk or highly challenging areas in a given compliance area, or taking a more detailed look at individual elements of performance (EPs). The convenient compliance checklist includes ALL hospital standards and EPs, including those used for deemed status purposes and primary care medical home certification. Buy one for each member of your accreditation team, or a site license for all to share! Key Topics: Assessment of standards compliance

Application of the new SAFER Matrix™ Evaluation of policies and procedures Tracer methodology Survey logistics
