Several friends have asked me for advice as they got started, so I bought this book for them to borrow and read. This certainly did reduce the number of

questions I had to answer over and over. The book is well written and accurate. There is perhaps too much information, but it certainly covers all the bases. I highly recommend this book whether you are a beginning morel hunter, or an experienced one. You will learn many new and important facts. Galen Higdon (MICHIGAN)0 of 0 people found the following review helpful. Great book. The only problem was that it doesn't ...By Lisa WagnerThe science is thoroughly covered. Great book. The only problem was that it doesn't really address Morels of the Pacific Northwest.
