DK : ACEP First Aid Manual, 5th Edition (Dk First Aid Manual) before purchasing it in order to gage whether or not it would be worth my time, and all praised ACEP First Aid Manual, 5th Edition (Dk First Aid Manual):

3 of 3 people found the following review helpful. Excellent source of First Aid informationBy BillCExcellent source of First Aid information, very well written with many color photographs well laid out to help illustrate the concepts. Very professionally put together book. Buy several of these as they are easily worth the price. Clearly the team took lots of pride in this book0 of 0 people found the following review helpful. ExcellentBy Kenneth A. GiornoI wish someone would develop a FA/CPR class using this book. It's easy to understand. I am not in the medical field, my training dates back to Hippocrates, and yet I can follow this book.0 of 0 people found the following review helpful. Five StarsBy CustomerProduct arrived on time and exactly as advertised. I would use them again

A possible life-saving reference to keep around the house or in the car, DK's First Aid Manual looks at more than 100 different conditions, from splinters and sprained ankles to strokes and unconsciousness, and shows exactly what to do with step-by-step photographic sequences. Every condition is clearly explained, outlining causes, symptoms and signs, and action plans. The updated design makes the instructions easier to follow, whether you need information on emergency first aid, first aid for babies and children, or tips on resuscitation.
