An excellent investment for the ACLS initial certifier or the re-cert. Has colorful, easy to follow tables, informative chapters with excellent post-tests, and an assortment of clear rhythm strips to study. I aced my test with a 98% score and give a lot of the credit to this book.

Well planned, clear, easy to use, color identified subjects, precise, easy to grasp. I was foreign to medications, alogrythms and ACLS, had less than 24hrs to study and passed using this book!
