**Lippincott : ACLS Review Made Incredibly Easy (Incredibly Easy! Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised ACLS Review Made Incredibly Easy (Incredibly Easy! Series):

The official American Heart Association ACLS book is much more organized and to the point. And since the course is an American Heart Association offering it makes sense to use their book. I have put this book aside and will finish my reviewing from the official book. This was not money well spent. 0 of 0 people found the following review helpful. Love it! By Peppermint Love this book!
