It's an ok bookBy Ranah WilliamsThis book provides an adequate review style outline for respiratory care. However, if you can only buy two

books, I would recommend Persing's book, and the written registry exam review by Wojciechowski. I think this book was a waste of my money. Also, the CD-Rom doesn't work. Other options for practicing these exams include purchasing individual exams from [...] They provide you with feed back, so you understand why your answer is wrong and another answer is the best choice.

A "must have" for anyone taking the Advanced Respiratory Therapist Exam (RRT), this guide provides a complete review of the content found in the new NBRC Matrix and Content Outline for the advanced RRT Written and Clinical Simulation Examinations. This New Edition includes a CD-ROM featuring 10 clinical simulations and a post-test based on the new Matrix and Content Outline with a pre-test and highlighted study hints.
