**Lexis : AHLA Medicare Medicaid Insolvency Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised AHLA Medicare Medicaid Insolvency Handbook:

This book presents an in-depth overview of the new bankruptcy law, and how it will affect institutions that receive a significant amount of funds through the Medicare program. We believe that this book will prove to be an invaluable tool in understanding the effect that the bankruptcy process in general, and the new law in particular, will have on the healthcare industry. Includes coverage of the new bankruptcy act
