Robert Blendon, Mollyann Brodie, Drew E Altman, John Benson : American Public Opinion and Health Care before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Public Opinion and Health Care:

Over the years, hundreds of polls have been conducted on health and health-care related topics, but until now there has been no reference tool to help students, researchers, and policy makers make sense of the data. American Public Opinion and Health Care brings together findings from more than 200 national opinion surveys conducted by the

Kaiser Family Foundation, Harvard University's School of Public Health, and other institutes and polling and media organizations. After years of intensive data gathering, the authors have compiled an in-depth, non-partisan look at Americans' attitudes about a range of current and critical health care issues. Twenty-one chapters combine unbiased survey data and analysis. The concluding chapter discusses the implications based on public opinion trends for the future of U.S. health policy in each of the areas discussed in the preceding chapters.

About the Author Robert J. Blendon is professor of health policy and political analysis at both the Harvard School of Public Health and the John F. Kennedy School of Government, and directs the Harvard Opinion Research Program. Mollyann Brodie is vice president and director of public opinion and media research at the Kaiser Family Foundation. John Benson is a research associate in the Department of Health Policy and Management at the Harvard School of Public Health. Drew E. Altman is president and CEO of the Henry J. Kaiser Family Foundation.
