I had one while I was in school for nurse assistant . I will say that anyone selling the book on here for more then 20 dollars is a THIEF and a no good CROOK because the red cross sells them for 20 dollars not 75 or some crazy over priced amount. Just find your local red cross and go down and pick one up for 20 dollars because it gives you all the skills needed to perform perfectly and you learn so much. :)5 of 6 people found the following review helpful.
