**From HIMSS Publishing :** Analytics in Healthcare: An Introduction (HIMSS Book Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Analytics in Healthcare: An Introduction (HIMSS Book Series):

0 of 0 people found the following review helpful. Best book about analytics in healthcare!By Kay JacksonGreat book that I have gone back to reference many times for work. So glad I purchased it!

The editors of the HIMSS Books' best-seller Health: From Smartphones to Smart Systems have returned to deliver an expansive survey of the initiatives, innovators, and technologies driving the patient-centered mobile healthcare

revolution. *mHealth Innovation: Best Practices from the Mobile Frontier* explores the promise of mHealth as a balance between emerging technologies and process innovations leading to improved outcomes-with the ultimate aim of creating a patient-centered and consumer-driven healthcare ecosystem. Examining the rapidly changing mobile healthcare environment from myriad perspectives, the book includes a comprehensive survey of the current-state ecosystem-app development, interoperability, security, standards, organizational and governmental policy, innovation, next-generation solutions, and mBusiness-and 20 results-driven, world-spanning case studies covering behavior change, patient engagement, patient-provider decision making, mobile gaming, mobile prescription therapy, home monitoring, mobile-to-mobile online delivery, access to care, app certification and quality evaluations, mixed media campaigns, and much more.
