This has a lot of information for our staff, but because of the volume of data, it isn't quick in the sense of using it on the run during a busy day. It does help our staff to have them available at various stations for reference and is certainly easier and less expensive than buying books. 0 of 0 people found the following review helpful. By Reasonablecritic It is a nice tool to have but much of this information is in the material I am already provided. I would say buy it only because for this type of work, you can

never have too many resources to help get the job done.

This 4-panel laminated guide provides the essentials for determining Evaluation Management (E/M) Codes.
