Kazunari Koike : Everyday Audiology: A Practical Guide for Health Care Professionals, Second Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Everyday Audiology: A Practical Guide for Health Care Professionals, Second Edition:

Essential Audiology, Second Edition is an invaluable guide for clinicians involved in the care of patients with hearing impairment or balance disorders. The book contains clinically relevant norms and values that are extremely useful for clinical interpretation. Drawn from lectures given to otolaryngology-head and neck surgery residents and case reports conducted by clinical audiologists at West Virginia University School of Medicine, the book is designed for easy consumption of essential information. Key concepts are presented on left-hand pages and supporting and tabular

material on the right.

From the Foreword "This second edition of 'Everyday Audiology has been expanded to include brief descriptions of common diseases that exhibit audiological and vestibular findings. The book is an excellent guide not just for otolaryngology practitioners and residents but also for primary care practitioners to learn about the many audiological and vestibular tests that are useful in the diagnosis and management of our patients. It is written in a simple and straightforward style by an audiologist who has many years experience in teaching these tests to physicians. Dr. Koike has a gift for explaining complicated tests in a concise and simple fashion." --Stephen J. Wetmore, MD, MBA Professor and Chair Department of Otolaryngology West Virginia University School of Medicine

About the Author Kazunari J. Koike, Ph.D., is Director of Audiology and Professor of Otolaryngology at West Virginia University School of Medicine for the past 17 years. He was born in Tokyo, Japan and earned a Bachelor's degree in Linguistics at Sophia University in Tokyo as well as Master's and Ph.D. degrees in Audiology at the University of Tennessee in Knoxville, TN. He is a Fellow of American Academy of Audiology (FAAA) and holds the Certificate of Clinical Competence in Audiology (CCC-A). Dr. Koike evaluates patients in a tertiary care ENT clinic on a daily basis, and his expertise encompasses all areas of diagnostic and rehabilitative audiology.
