Dr. Ben Hirst, Performance Training Systems : Exam Prep: Fire Instructor I II (Exam Prep: Fire Instructor 1 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Exam Prep: Fire Instructor I II (Exam Prep: Fire Instructor 1 2):

0 of 0 people found the following review helpful. super bookBy KevinThis has been the best exam prep book that I have ever purchased in my life. It is a comprehensive review of fire instructor materials for almost every state I have worked in and also this product is timeless as the skills don't change only the people do. If you are looking at taking the fire instructor course this is a must have for prep, this is the one you will need and is going to help you pass this course do not waste your time with other books buy this one for sure.1 of 1 people found the following review helpful. Five StarsBy Joseph GregoryExactly what we were looking for0 of 0 people found the following review helpful. Unfair AdvantageBy brewcity77I took Fire Instructor I recently and was told the exam was very difficult. I purchased this book hoping it would at least give me the types of questions I would see. That was an understatement. On the 100-

question test, I would wager 70-80 of the questions were verbatim taken out of this book. Since you only need a 70 to pass (I got an 88) it was a breeze. Buy this book, go through the sample questions, pass Fire Instructor I. It's really that easy.

The Second Edition of Exam Prep: Fire Instructor I II is designed to thoroughly prepare you for a Fire Instructor I or II certification, promotion, or training examination by including the same type of multiple-choice questions you are likely to encounter on the actual exam. To help improve examination scores, this preparation guide follows Performance Training Systems, Inc.'s Systematic Approach to Examination Preparation. Exam Prep: Fire Instructor I II is written by fire personnel explicitly for fire personnel, and all content has been verified with the latest reference materials and by a technical review committee. Your exam performance will improve after using this system!
