The state of Ohio requires that testing for FF and FO have reference from the big 3 (IFSTA, Delmar and Jones Bartlett) That being said, if you are taking a similar style test, this is absolutely the book for you. Now where this book is frustrating for me. It is super heavy in IFSTA, pulling the bulk of its material from that source, any reference to Jones and Bartlett is vague at BEST. The style of studying the text suggested has helped me tremendously. Reinforcing the basic concepts to further develop concept mastery has helped me but I won't lie it can be frustrating when you can't tie a question back to the text book for review and reference. 0 of 0 people found the
