By Andrew Good book to use to study for the Haz mat test, I rented this book and bought the class book "Hazardous Materials: Awareness and Operations" and was able to pass the Haz Mat test the first try! The only con I did not like was somebody wrote down the answers in the answer box right above the question but I just had to work with what I got and just covered it up

sometimes but most of the time I would just read the question, read the answer, and if it made sense I moved onto the next question. I made sure that they actually wrote down the right answers before I did so though. 0 of 0 people found the following review helpful. Worth ever penny. By Kindle Customer Love it but huge but, good to have Hazardous Materials Awareness book as a supplement to this. Haha lol vise versa is okay too Good for OSHA courses having to do with HAZMAT Fyi-waiting on my hazmat approval 0 of 0 people found the following review helpful. Great resource with some caveats By michael balaguero Am in the process of taking Firefighter One class and was encouraged to buy both this hazmat exam prep book and the FF1 exam prep book. Unfortunately, these books reference the JB Learning 2nd Edition.....Not the 3rd edition that we are using...so I had to fish around for the information. The pages in the back indicating where to find the answer in the text book is for the earlier edition book. The 3rd edition of this exam prep book is NOT out yet. Otherwise, it has great questions and hope it will help me when I take the final written exam. I'll let you know. I may change my star rating.....we will see.

The Second Edition of Exam Prep: Hazardous Materials Awareness and Operations is designed to thoroughly prepare you for a Hazardous Materials certification, promotion, or training examination by including the same type of multiple-choice questions you are likely to encounter on the actual exam. To help improve examination scores, this preparation guide follows Performance Training Systems, Inc.'s Systematic Approach to Examination Preparation. Exam Prep: Hazardous Materials Awareness and Operations is written by fire personnel explicitly for fire personnel, and all content has been verified with the latest reference materials and by a technical review committee. Your exam performance will improve after using this system!
