Dennis C. Tanner : Exploring Communication Disorders: A 21st Century Introduction through Literature and Media before purchasing it in order to gage whether or not it would be worth my time, and all praised Exploring Communication Disorders: A 21st Century Introduction through Literature and Media:

0 of 0 people found the following review helpful. Three StarsBy fredIts a text book!0 of 1 people found the following review helpful. bad paper qualityBy SLP classI had no idea why my book looked different with other classmates and bookstore. The paper looked like they came from a copy machine instead laser printed. And the cover and paper losses out in my 4th class meeting already.0 of 1 people found the following review helpful. TextbookBy CassiThe book was rated brand new and it had a hole in the front cover. I wouldn't call that brand new.

Exploring Communication Disorders: A 21st Century Introduction Through Literature and Media takes an extremely

novel approach to the subject by incorporating personalities and characters from literature and movies throughout the book. Each communication disorder is addressed from the clinical and scientific perspectives, including diagnostic and treatment information. Using the media and literature references as an introduction, this book explores a comprehensive introduction to the communication disorders discipline. The text is a substantive introduction going beyond media and literature references to communication disorders. Speech pathologists and therapists, audiologists and others interested in communication disorders
