Alan N. Ed Westerhouse : Eye Research Developments: Glaucoma, Corneal Transplantation, and Bacterial Eye Infections (Eye and Vision Research Developments) before purchasing it in order to gage whether or not it would

be worth my time, and all praised Eye Research Developments: Glaucoma, Corneal Transplantation, and Bacterial Eye Infections (Eye and Vision Research Developments):

The consequences of aging populations combined with the strain to the human eye caused by computers and widespread poor nutritional practices has resulted in an upsurge of research dealing with vision. This new book presents leading-edge research in this field focusing on glaucoma, corneal transplantation and bacterial eye infections.
