**Fiona V.P Sawyer : Feet Feat: The Tortoise's Secret** before purchasing it in order to gage whether or not it would be worth my time, and all praised Feet Feat: The Tortoise's Secret:

A children's picture book all about the benefits of podiatry. A must have for all podiatry clinics.

If you are a podiatrist - this book simply has to be in your clinic! A purposely created picture book, just for podiatrists is rare indeed, and this charming Australian re-telling, of the much loved Aesop's fairy tale - with a podiatric twist -is truly delightful! Do your patients a favor and buy it now! --Glynnis White PodiatryWe love this book in our clinic! The kids who come in for their check-ups, get a smile on their faces, and Moms love reading the catchy verse to their little ones as they wait. Thank you! --Annie Smith - podiatristLove this cute story. If you work with kids and their feet you'll really enjoy this unique kids picture book! --Lani Jones - PodiatristAbout the AuthorFiona Van der Poorten

Sawyer is a writer, artist, illustrator, academic, languages teacher, mother to five boys and councillor. She lives and works in Brisbane, Australia where she is engaged in as many artistic and creative projects as she can squeeze into her waking hours.
