Dr. Maasi J Smith : Feet Naturally, Diabetes: Feet Naturally, Diabetes before purchasing it in order to gage whether or not it would be worth my time, and all praised Feet Naturally, Diabetes: Feet Naturally, Diabetes:

0 of 0 people found the following review helpful. Five StarsBy Lydia M. PetersonThis is my foot doctor the book is great.0 of 0 people found the following review helpful. Five StarsBy CustomerExcellent! Exactly what any diabetic needs to care for their feet naturally.0 of 0 people found the following review helpful. Get this book you will love itBy MarieThis book is an easy fun read while addressing a serious subject.The Brown Sugar Foot Scrub made my feet so soft. I use it daily on my feet and legs.Great Book

The purpose of Feet Naturally Diabetes is to help individuals with diabetes understand and avoid common foot complications that we podiatrists see regularly in our practice. Podiatrists are dedicated physicians of foot health, and we are constantly exploring ways to educate those in need. This book is a contribution to the health of our nation, based on the idea that "a well-informed society is a healthier society".
