Dr. Mark Huntsman D.C. : Fibromyalgia: Answers to Getting Your Life Back before purchasing it in order to gage whether or not it would be worth my time, and all praised Fibromyalgia: Answers to Getting Your Life Back:

In this insightful and eye-opening book, Dr. Huntsman delves into the complex and debilitating disorder known as Fibromyalgia. In a world where prescription medications are used as a one-size-fits-all solution for patients, Dr. Huntsman explores the causes of fibromyalgia and its treatments beyond medications. Drawing upon scientific

evidence and research studies, Dr. Huntsman has presented this enlightening material in a fresh, easy-to-understand resource guide. As a 38-year veteran in women's health, Nurse Practitioner Gail Provencher says this about Dr. Huntsman: Dr. Huntsman treats patients with dignity and respect and as a partner in their healthcare. How refreshing in today's world! I have always believed it to be a privilege to help patients and I see this in Dr. Huntsman.

About the Author A strong desire to help others as well as an interest and aptitude for the sciences is what led Dr. Mark Huntsman to the field of healthcare, and more specifically, chiropractic. In addition to his speaking engagements, Dr. Huntsman has been featured in numerous publications, including The Morris Daily Herald, The Daily Southerner, and the Augusta Chronicle. Dr. Huntsman graduated Summa Cum Laude with his Doctor of Chiropractic degree, and has continued his post-doctoral education at Harvard Medical School, School of Continuing Education. Dr. Huntsman is the director and founder of Georgia Clinic of Chiropractic, in Augusta, GA., and more information can be found at www.georgia-clinic.com
