From Ztt Press : Finding Hope in Despair: Clinical Studies in Infant Mental Health before purchasing it in order to gage whether or not it would be worth my time, and all praised Finding Hope in Despair: Clinical Studies in Infant Mental Health:

0 of 0 people found the following review helpful. Excellent for anyone working with infants families!By Suzanne H. McCallumThis is an excellent collection of clinical vignettes, something often missing from professional literature. I would recommend it to anyone working in the field of Infant Mental Health, pediatric health care, and the social services.

Hardcover still in great condition
