Good DealBy CustomerArrived in a timely manner. With minimal to none wear and tear.0 of 0 people found the following review helpful. Review of participant manualBy Maggie TadlockRequired manual for the participant of American Red Cross first aid and cpr for schools and community. It's very thorough, with alot of helpful and critical information regarding dealing with emergency first aid. The essential life saving skills are all included and other information that goes beyond the required course. Alot of visuals I also found very helpful. MT from California
