**James B. Gargan : First Due Trench Rescue, 1e** before purchasing it in order to gauge whether or not it would be worth my time, and all praised First Due Trench Rescue, 1e:

1 of 1 people found the following review helpful. Most comprehensive book on all aspects of trenching/shoring  
By A Customer  
This book covers from the author's experience all of the required safety and operational aspects of trench rescue. Recommend this book as a starting point for any class or operation regarding this subject.  
0 of 0 people found the following review helpful. Special Ops book was good  
By C. Mueller  
I needed the book and this was a good deal for a near flawless book.

This vital new resource demonstrates the tools and techniques necessary to safely and successfully carry out a trench rescue operation. Chapters include assessment, hazard control, support operations, emergency care, disentanglement, removal and transfer, as well as a glossary of key terms.

About the Author James B. Garganis the author of *BTLS Access*, *First Due Trench Rescue*, and *Trench Rescue* and the coauthor of *Action Guide for Emergency Service and Personnel Vehicle Rescue*, 2nd Edition. He was a 57-year veteran of emergency services and invented the Jimmi-Jak stabilization rescue system.
