**Daniel Limmer, Brent Q. Hafen, Keith J. Karren : First Responder: A Skills Approach (6th Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised First Responder: A Skills Approach (6th Edition):

For First Responder courses. The most comprehensive first responder book/multimedia package available. Featuring an easy-to-read, step-by-step format that has made the text a student favorite for over a decade, it goes well beyond the national standards set by the U.S. government to fully cover the D.O.T. Curriculum, offers expanded coverage of common medical emergencies not covered in the D.O.T. curriculum, and includes a variety of "enrichment" materials.

From the Back Cover Revised and updated with new features and enrichment materials the Sixth Edition of First Responder: A Skills Approach retains the easy-to-read, step-by-step format that has made it a favorite for over a decade. Comprehensive coverage goes beyond the U.S. DOT First Responder curriculum. Airway and circulation chapters fully comply with newly revised AHA Guidelines. Technology Extras NEW First Responder Extras CD features practice questions, video clips, and trauma slides in PowerPoint presentation. NEW Companion Website features additional practice questions, links to additional resources and a Syllabus Manager for instructors. Additional Features New material added on terrorism, industrial emergencies, and special patients. New chapter on Geriatric Emergencies. Updated chapter on Infants and Children. Expanded chapters on Patient Assessment. New special feature First Responder Flash highlights key information. New study and review features Study Questions at the end of sections; Multiple-Choice Questions at the end of chapters. Complete Teaching/Learning Package includes Instructor's Resource Manual, Student Workbook, Test Manager, and First Responder PowerPoint slides.
