Fantastic Resource By Mrs. G. During my Irish studies, I took a year long program with the author-- using her book. It proved to be very insightful, easy to read, and thorough. It has been praised here and in Ireland as a success. The author's focus and intention is to clearly explain the progression of Irish music in an

accessible way to enhance the reader's understanding of Irish cosmology. This is an educational textbook. 1 of 1 people found the following review helpful. Five StarsBy DuPreeDamn good book

Focus: Irish Traditional Music is an introduction to the instrumental and vocal traditions of the Republic of Ireland and Northern Ireland, as well as Irish music in the context of the Irish diaspora. Ireland's size relative to Britain or to the mainland of Europe is small, yet its impact on musical traditions beyond its shores has been significant, from the performance of jigs and reels in pub sessions as far-flung as Japan and Cape Town, to the worldwide phenomenon of Riverdance. Focus: Irish Traditional Music interweaves dance, film, language, history, and other interdisciplinary features of Ireland and its diaspora. The accompanying CD presents both traditional and contemporary sounds of Irish music at home and abroad.
