I found this to be a very insightful book regarding ...By ShopperI found this to be a very insightful book regarding food policy and how it affects us all. It also seems to be the most current of all the similar books I've come across.0 of 0 people found the following review helpful. Five StarsBy AThe book has everything yo need to know about food law and policy

Food and its many aspects -- production, consumption, marketing, labeling, procurement, safety -- have become a mainstay of both popular discourse and the practice of public health. As topics such as GMO labeling, food-borne illness outbreaks, soda bans, and food taxes have come to the forefront of the public and academic conscious, understanding the legal underpinnings of these issues is vital. *Food Law for Public Health* is the first book on food law written specifically for a public health audience without a legal background. It offers comprehensive coverage of every aspect of food law: Established and newer food law issues in the United States; Overview of US law, plus federal, state, and local governments' authorities and limitations to address food for public health; Controversial topics related to food marketing, food labeling, and the various regulatory concerns over food safety; Federal nutrition programs and guidelines; Litigation among the food industry, consumers, and the government. *Food Law for Public Health* offers necessary grounding in food law for audiences in public health, nutrition, food studies, policy, or anyone with a professional interest in this increasingly important area. With clear writing and thought-provoking questions and exercises for classroom discussion, it is an ideal tool for learning and teaching.

**About the Author** Jennifer L. Pomeranz, JD, MPH, is a professor at the New York University College of Global Public Health. Her research concentrates on public health law and policy, with a focus on food and obesity. Ms. Pomeranz was the former Director of Legal Initiatives at the Rudd Center for Food Policy Obesity at Yale University. She earned her Juris Doctorate from Cornell Law School and her Master of Public Health from the Harvard T.H. Chan School of Public Health.
