From Brand: Urban Fischer : Földi's Textbook of Lymphology: for Physicians and Lymphedema Therapists, 3e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Földi's Textbook of Lymphology: for Physicians and Lymphedema Therapists, 3e:

2 of 2 people found the following review helpful. This is a good reference book By Glory This is a good reference book. I should give it a five star. However, the numerous spelling errors in the text greatly reduced its credibility. It is a pity! 1 of 1 people found the following review helpful. A Great textbook. By truthseeker57 Bought this as a reference for my retired nurse mother who is a breast cancer survivor in order to help take the mystery out of her lymphedema. A great textbook for med students and lymphologists-in-training. 3 of 3 people found the following review helpful.

Foldi's Textbook of lymphology By colin This is definitely the book for those who are interested to know more about the field of lymphology. I find the information well written and comprehensive enough for lymphedema therapists, like myself, to understand. It is definitely a good reference book and I would highly recommend this book to those who are practising medical MLD. For those working in spa as MLD therapist, you might find this book too overwhelming. Having said this, it is still a good reference book to have.

This well-known classic textbook summarizes all aspects of Lymphology Anatomy and physiology of the lymphatic system Causes, diagnostics, therapy and progression of all lymphatic diseases Techniques and effects of Complex Physical Decongestive Therapy (PDT) This textbook uniquely connects traditional medicine with a physiotherapeutic approach; the ideal basis for medical doctors, and therapists. The 3rd edition has been completely updated and enhanced.

About the Author Professor Foldi is a worldwide renowned expert on lymphology - his outstanding work and publications have made him a founder and pioneer in lymphology. He has received numerous awards and honorary memberships from various international lymphology associations which underline the high regard in which he is held in the field of lymphology. Prof. Foldi has founded a clinic at Hinterzarten/Black Forest which specializes in lymphology, today he still works there as an advisor
