**Walter Hartwig PhD : Fundamental Anatomy** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fundamental Anatomy:

2 of 3 people found the following review helpful. What you need to knowBy M. SelcoThis book has everything you need to know bolded plus extra. If you want to get the basics you can skim through for the bold or read the entirety for everything. An easy read for the subject matter.

Fundamental Anatomy presents essential human anatomy and embryology in a readable and well-illustrated concise text. Written in narrative form, this reader-friendly textbook provides the conceptual framework that will help students master the structure and function of human anatomy. Using a systems-based approach, Fundamental Anatomy emphasizes organizational and development and insightfully integrates embryology for a more thorough understanding

of adult gross anatomy. A companion Website offers the book's fully searchable online text.
