**From Oxford University Press : Fundamentals of HIV Medicine: (CME edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fundamentals of HIV Medicine: (CME edition):

0 of 0 people found the following review helpful. Well written. By RyanneWell written. Cheaper to buy here than from the aahivm website.

Completely updated for 2017, Fundamentals of HIV Medicine is a comprehensive clinical care publication for the treatment of HIV/AIDS. Published by the American Academy of HIV Medicine, the book offers physicians, pharmacists, nurse practitioners, and other care providers the most up-to-date overview of the latest HIV treatments and guidelines plus online access to CME. Embodying the AAHIVM's commitment to promoting uniform excellence in care of seropositive patients, Fundamentals of HIV Medicine 2017 empowers health professionals to deliver standardized, life-sustaining treatment to the patients who need it most. It will serve as an essential clinical reference

and provide valuable career enrichment to users across the spectrum of HIV care, treatment, and prevention.

**About the Author**  
**About the Editor in Chief:** W. David Hardy, MD, is Senior Director of Evidence-based Practices at Whitman-Walker Health and Clinical Professor of Medicine in the Department of Internal Medicine at the George Washington University School of Medicine and Health Sciences.

**About the American Academy of HIV Medicine (AAHIVM):** The American Academy of HIV Medicine is a professional organization that supports the HIV practitioners and promotes accessible, quality care for all Americans living with HIV disease. The AAHIVM membership of HIV practitioners and credentialed providers give direct care to the majority of HIV patients in the US. The Academy's HIV-focused professional certifications are the first and only credentials offered domestically and internationally to physicians, nurse practitioners, physician assistants and pharmacists specializing in advanced level HIV care. The HIV Specialist™ (AAHIVS) credential is available to practicing frontline clinical providers, while the HIV Expert™ (AAHIVE) designation can be earned by non-practicing clinicians. The HIV Pharmacist™ (AAHIVP) certification is available to eligible HIV-specialized pharmacists.
