Mary Louise Turgeon : Fundamentals of Immunohematology before purchasing it in order to gage whether or not it would be worth my time, and all praised Fundamentals of Immunohematology:

0 of 0 people found the following review helpful. Five StarsBy Charlotte LightVer good book, good condition.

This text integrates concepts, practices and techniques of modern transfusion therapy. It integrates basic foundations with "real-world" problems, covering everything from safety and quality assurance to pretransfusion, blood components, transfusion reactions and blood-borne diseases.
