3 of 5 people found the following review helpful. RA for DummiesBy Alli KGood cure for insomnia. Lots of good info though and I love the back sections of the book that have handy "cheat sheets" for RA professionals.0 of 2 people found the following review helpful. Good cure for insomniaBy L. DobieFor the price they charge for textbooks, I would have hoped this was at least available in a hardcover format. However I agree with the other reviewer: Good cure for insomnia.

Very Good Condition. Used text for one semester in clinical research program and it was brand new when I purchased it. Some highlighting and underlining (shown in photos). Great price compared to other sites!!
