Food and Agriculture Organization of the United Nations : General Standard for Food Additives 2010 before purchasing it in order to gauge whether or not it would be worth my time, and all praised General Standard for Food Additives 2010:

The "Codex General Standard for Food Additives" sets forth the conditions under which permitted food additives may be used in all foods. This database provides, in a searchable format, all the provisions for food additives that have been adopted by the Codex Alimentarius Commission. Provisions are searchable by food additive (name, synonym, INS number), by functional class and by food category. La " Norme géacuteneacute;rale Codex pour les additifs alimentaires " stipule les conditions dans lesquelles des additifs alimentaires autoriseacuteneacute;s peuvent ecirc;tre utiliseacuteneacute;s dans tous les aliments. Cette base de donneacuteneacute;es contient, sous une forme consultable, toutes les dispositions relatives agrave; des additifs alimentaires adopteacuteneacute;es par la Commission du Codex Alimentarius. Les dispositions sont consultables par additif alimentaire (nom, synonyme, Ndeg; SIN), par cateacuteneacute;gorie fonctionnelle, ainsi que par cateacuteneacute;gorie de denreacuteneacute;es alimentaires. La "Norma General del Codex para los Aditivos Alimentarios" establece las condiciones en las que se pueden utilizar aditivos alimentarios autorizados en todos los alimentos. Esta base de datos contiene, en un formato que permite realizar buacuteneacute;squedas, todas las disposiciones sobre aditivos alimentarios que han sido aprobadas por la Comisioacuteneacute;n del Codex Alimentarius. Se pueden buscar

las disposiciones por aditivo alimentario (nombre, sinoacute;nimo, nuacute;mero del SIN), por clase funcional, asiacute; como por categoriacute;a de alimentos.
