Helen Sorenson, James A. Thorson : Geriatric Respiratory Care before purchasing it in order to gage whether or not it would be worth my time, and all praised Geriatric Respiratory Care:

2 of 2 people found the following review helpful. Respiratory text bookBy Lacey L. CookI was so pleased with the price and condition of this textbook. The school bookstore wanted a lot more for this book than I got it for on . When you are a student every dollar counts, so I am very pleased

Here is a complete reference for gerontology and geriatrics that focuses entirely on respiratory care. It provides a unique insight into the medical and psychosocial problems of the geriatric population. The book covers the various theories of aging and the issues of aging from the sociological perspective.
