**Anthony B. Litwak OD : Glaucoma Handbook, 1e** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Glaucoma Handbook, 1e:

Written by optometrists for optometrists, Dr. Litwak and his contributors bring unparalleled expertise to the understanding of this complex and difficult-to-manage disease.\* How to handbook from diagnosis to follow-up to re-evaluation \* Concise clinical guide to diagnosing and treating patients with glaucoma \* Written for and by optometrists

From the Publisher Glaucoma Handbook is a practical, easy-to-follow guide to diagnosing and treating patients with glaucoma. It is a "how to" handbook for the optometrist who is treating the patient from diagnosis to follow-up to re-

evaluation. This book can also be used for co-managing treatment of the glaucoma patient with the ophthalmologist. About the Author OD, Adjunct Associate Professor, Pennsylvania College of Optometry, Philadelphia; Assistant Clinical Professor, Pacific University College of Optometry, Forest Grove, Oregon; Assistant Clinical Professor, New England College of Optometry, Boston; Assistant Clinical Professor, State University of New York, College of Optometry; Residency and Student Program Director of Veterans Affairs, Maryland Health Care System, Baltimore
