Bryan A. Born : The Essential Massage Companion before purchasing it in order to gage whether or not it would be worth my time, and all praised The Essential Massage Companion:

0 of 0 people found the following review helpful. I find it very easy to read and understandBy Melissa CovertThis a book required for class. I find it very easy to read and understand. The only problem I have is there was no packing slip with the book. Since I have ordered 7 different books for my classes, am not sure if this is a rental or a purchase. I

will now have to do time consuming research.1 of 1 people found the following review helpful. Nice, but not exhaustiveBy Christina KendellThis is a snapshot of many different medical conditions, but not an exhaustive list by any means. I was hoping for a more detailed book with more medical conditions. However, in a pinch, this book is useful.0 of 0 people found the following review helpful. This is a great resource for licensed massage therapists.By Robert MThis is a great resource for licensed massage therapists. It explains over 3,000 drugs and contraindications. Much more information than other books for sale on .

This one-of-a-kind reference guide will educate, inspire, and most importantly, guarantee you the necessary edge to feel confident with every client. Dr. Bryan Born has successfully taught thousands of massage professionals and fine-tuned how to present pathology in a clear, easy-to-grasp style. Now you too can benefit from his hard work and expert understanding of diseases and drugs. You have everything you need right at your fingertips, including: *Over 3,000 drugs explained with specific massage precautions *Every major disease and condition described for massage professionals in clear, concise language *Always know what is safe; precautions for more than 130 massage techniques *More than 750 medical abbreviations revealing all doctor and prescription codes *Over 1,500 terms defined in a comprehensive healthcare-specific glossary *Every important word indexed for instant reference *Durable cover to resist oils and repeated washings This book takes the fear out of your practice. It's the first complete guide combining all drugs and diseases specifically written for the massage profession. Buy this book now and your reference library is complete.

"a must-have reference book that provides imperative information for myomassologists and massage therapists to safely address their clients' needs." -- Irene Gauthier, Founder, Irene's Myomassology Institute"extremely helpful and easy to follow" -- Brooke Spurrell, Certified Massage Therapist"insightful and practical guide" "a text for our time." -- Dr. Kirk Kelley, Massage Therapist and Chiropractic PhysicianAbout the AuthorDr. Bryan Born is a chiropractic physician and massage educator with over 14 years experience in teaching. He has been instructing massage therapists for over nine years. His experience in daily clinical practice combined with his vast knowledge makes this easy-to-understand guide the most important confidence builder a massage therapist can have at hand.
