Eric J. Cassell : The Healer's Art (MIT Press) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Healer's Art (MIT Press):

Beyond drugs, beyond technology, there will always be the human element, "the healer's art." Dr. Cassell discusses the world of the sick, the healing connection and healer's battle, the role of omnipotence in the healer's art, illness and

disease, and overcoming the fear of death. Eric J. Cassell, M.D., is an internist and clinical director of the Program for the Study of Ethics and Values in Medicine at Cornell Medical School. His two-volume work *Talking with Patients: The Theory of Doctor-Patient Communication, and Clinical Technique*, is available from The MIT Press in cloth and paperback.
