Lawrence A. Ford DPM FACFAS : The Importance of the First Ray, An Issue of Clinics in Podiatric Medicine and Surgery, 1e (The Clinics: Orthopedics) before purchasing it in order to gage whether or not it would be worth

my time, and all praised The Importance of the First Ray, An Issue of Clinics in Podiatric Medicine and Surgery, 1e (The Clinics: Orthopedics):

0 of 0 people found the following review helpful. Whelp written and Clearly Explains Imporatnce of First RayBy FrancesFor a student or podiatrist, it is a well written book about the importance of the first ray. The editor was passionate about bringing the most current and well versed podiatrists together to provide clear and concise explanations for the reader. It provides clear examples of treatment from a variety of perspectives.

Dr. Lawrence Ford has developed an issue focusing on the importance of the first ray in podiatric medicine and treatments. The list of topics include: "Normal and Abnormal Mechanics of the First Ray," "The Versatility of the Lapidus Arthrodesis," "The Argument for Osteotomies," "Fine Tuning Bunion Surgery," "First MTPJ Fusion," "The First Ray and Flatfoot Surgery," and more!
