Peter R. Kongstvedt : The Managed Health Care Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Managed Health Care Handbook:

0 of 0 people found the following review helpful. Five StarsBy AndreExcellent reference material for health system practitioners4 of 4 people found the following review helpful. A Valuable Resource for the Managed Care ProfessionalBy SteppytoeThis book is a definite must-have for the new and experienced Managed Care Professional. I found the chapters on compensation and reimbursement to most helpful. The author has successfully captured every element of managed care including, but not limited to, employer groups, networks, reimbursement, and quality.0 of 1 people found the following review helpful. As expectedBy BaklezosFor a first timer on purchasing used books I must

admit that I am very satisfied with the good condition of the book.

This thoroughly revised and updated book provides a strategic and operational resource for use in planning and decision-making. The Handbook enables readers to fine-tune operation strategies by providing updates on critical managed care issues, insights to the complex managed care environment, and methods to gain and maintain cost-efficient, high quality health services. With 30 new chapters, it includes advice from managers in the field on how to succeed in every aspect of managed care including: quality management, claims and benefits administration, and managing patient demand. The Handbook is considered to be the standard resource for the managed care industry.
