I can review of them0 of 0 people found the following review helpful. Five StarsBy Customerinformative0 of 0 people found the following review helpful. Great purchase.By Suebee1961Book came in and it was still in the plastic. The book is a fantastic help and will be a great benefit to my achieving an RMT status.

A valuable addition to the libraries of medical transcription students and practitioners alike, this 476-page book comes with a separate answer key booklet and contains review challenges and extensive worksheets on a variety of subjects including: Professional Issues, Style and Usage, Anatomy and Physiology, Medical Terminology, Pathophysiology,

Surgery, Laboratory, and Pharmacology. Can be used to prepare to take credentialing exams!
