**Johna Samir : The Memoirs of Allen Oldfather Whipple: The man behind the Whipple operation** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Memoirs of Allen Oldfather Whipple: The man behind the Whipple operation:

0 of 0 people found the following review helpful. Five StarsBy Mary LHandlinInteresting

To the abdominal surgeon a first successful Whipple procedure is what a first combat mission is to the fighter pilot: a symbol of competence - the fruits of prolonged training. Not many surgeons have managed to incorporate their names into a commonly used eponym; Allen Whipple did and so became immortalized as a household name to surgeons

worldwide. Yet, little has been known and written about Whipple, the great American surgeon - the person and his other interests. This book is an edited version of Whipple's previously unpublished memories. In these pages the retired Whipple describes the journey of his life from the very beginning in Persia, where he was born, to the very end in New Jersey where he died. He provides snapshots of himself, his family and friends, his colleagues, and the changing times in which he lived. MED000000
