It doesn't come wrapped in plastic, but the packaging was suitable for safety. This is the same textbook my class had been using for the PTCB exam training.2 of 2 people found the following review helpful. AmazingBy CustomerEverything was perfect great condition no rips tears or anything perfect book when my bookstore was out great buy!6 of 7 people found the following review helpful. Great Book!!!By William E. WhitlockThis is a fantastic book for aspiring Pharmacy Techs. Loaded with useful information to prepare you for the Certification Exam. I recommend reading it 2 to 3 times because there is a lot to

remember, but if I can do it, you can too. I'll be taking the exam soon and I'm positive I'll pass because of this book!

The Pharmacy Technician, Sixth Edition, is a valuable tool for pharmacy technician students. Endorsed by the American Pharmacists Association (APhA), this book prepares students for national certification exams such as the Pharmacy Technician Certification Exam (PTCE) and the Exam for Certification of Pharmacy Technicians (ExCPT). This book is a practical text for understanding the principles, career concepts, and pharmacy skills needed to be a successful pharmacy technician. It offers clear, concise information to help students learn the material and pass the national certification exams.
