Gwen Gray : The Politics of Medicare: Who Gets What, When and How (Briefings) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Politics of Medicare: Who Gets What, When

and How (Briefings):

Looks in detail at how the Howard government was elected on a promise to maintain Medicare, but has instead introduced a series of privatization measures. Although the Liberal and National parties claim to support Medicare, they clearly favor a predominantly private system, while Labor continues to support an unspecified level of universality.
