before purchasing it in order to gage whether or not it would be worth my time, and all praised The Power of Ten 2011-2013: Nurse Leaders Address the Profession's Ten Most Pressing Issues:

The Honor Society of Nursing, Sigma Theta Tau International s book and magazine editors asked 30 international nurse leaders to identify 10 of the most critical issues in the profession. The result is The Power of 10, a collection of essays that explores the obstacles that nurses face. It challenges long held beliefs that could stymie progress and beseeches the reader to join the conversation. These essays are a must read for nurse leaders and anyone who is invested in the future of nursing.
