**From Joseph E. Townsend and Winborn E. Davis : The Principles of Health Care Administration (2013 Edition), by Joseph Townsend and Winborn Davis** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Principles of Health Care Administration (2013 Edition), by Joseph Townsend and Winborn Davis:

3 of 3 people found the following review helpful. Pass the NAB!By KimmieBoDimmieThe absolute GREATEST book for anyone interested to pursue a career in long-term healthcare administration. An absolute MUST!! (Yes...this is the book you want to pass the dreaded NAB exam). I passed my NAB with a 91% the first time after studying with this book.

A book that covers underlying principles behind healthcare facility administration. This book covers the new domains of practice in detail with emphasis on quality resident care practices, human resources and leadership to develop a successful long-term care team. What you need to know about finance and the facility physical environment is a vital part of this book. Also included is excellent information regarding the acts, laws and regulations that affect the profession.
