Purchased it for my nail tech daughter and ended it reading it myself. Super educational. I agree, a MUST read for every nail tech.1 of 1 people found the following review helpful. Great

book for my ANT class
By Thorunn
This book is full of information for nails techs and for people getting their nails done in a salon. It helps salon owners what they need to do to have a healthy salon for their clients and it helps clients to know what they should expect out of a salon.

By marcela correa
No impressed with it.

The Science of Pedicures: Countering the Crisis in Nail Salons provides vital information for professional nail technicians who want to keep their clients' feet and nails healthy, and who want to maintain high standards and integrity in their nail salons.
