Carolyn Kisner PT MS, Lynn Allen Colby PT MS : Ther Ex Notes: Clinical Pocket Guide (Davis's Notes)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ther Ex Notes: Clinical Pocket Guide (Davis's Notes):

33 of 35 people found the following review helpful. A Big HelpBy P. JilesI'm a Physical Therapist Assistant, and oddly enough, we don't learn much exercise in school. I got this out of total desperation, and it was such a big help. Its full of exercises and stretches for shoulders, wrists, hips, knees, ankles, spine and balance exercises. As a newly employed PTA, I still use this. I also have Ortho Notes and Sport Notes and they are also both great. Its water proof, so the books will last for years. I highly recommend this!1 of 1 people found the following review helpful. Love it!By DawnExactly what I was looking for. Kisner in a more organized format. I've used it in my current 6-week clinical rotation and it's come in very handy.1 of 1 people found the following review helpful. A+++By LukeGreat notes for a PT student in a clinical rotation
